

BIRD HOLIDAYS

w o r l d . w i d e

Hi folks!

We have just finished a full programme of spring tours and are now turning our attention to our 2011 brochure. We are aiming to publish it just before the Bird Fair in August. We know that many of you like advance notification of dates and destinations and therefore have pleasure in detailing them for you, overleaf. Please note that while the destinations are pretty much decided upon, the dates are provisional. If you would like to make an advance reservation with no obligation please feel free to get in touch.

We would also like to take this opportunity to let you know about the remaining availability to the end of 2010. Details of these holidays can be found in our brochure or on our website. If you have any questions please call us.

All the best from

The Bird Holidays team
